

# IN MY ROSARY

## LYRICS & CHORDS

BTW,

SINCE I NEVER CARED ABOUT THE NAMES OF THE CHORDS I USE I AM NOT SURE IF I FIND OUT THE RIGHT NAMES ALL OF THE TIME. BUT THAT'S WHAT THE PICTOGRAMS ARE FOR...

ALSO I ALWAYS CHOSE THE SIMPLEST VARIATION OF A CHORD. SO SOMETIMES IT CAN DIFFER FROM WHAT YOU HEAR ON THE ALBUM.

BEST WISHES

RALF

## a naked cloud

[ music: Ralf Jesek – lyrics: Dirk Lakomy/Ralf Jesek; publ. by Ed. Banshee./BMG/UFA; all rights reserved ]

**D<sup>sus2</sup>** **Am**  
 A naked could was hanging in my sky  
**D<sup>sus2</sup>** **Am**  
 Your touch so slippery like a cut  
**D<sup>sus2</sup>** **Am**  
 The dream I've dreamt was just a bloody lie  
**D<sup>sus2</sup>** **Am**  
 A silent cry caught in the mud

**D<sup>sus2</sup>** **Am**  
 So what happened to my confused mind  
**D<sup>sus2</sup>** **Am**  
 No night owl sleeps like it slept before  
**D<sup>sus2</sup>** **Am**  
 Is a frightened locust all that I will find  
**C** **G** **Am**  
 When my demon will open the door

**D<sup>sus2</sup>** **Am**  
 A naked cloud was hanging in my sky  
**D<sup>sus2</sup>** **Am**  
 Can you feel my fear can you hear my call  
**D<sup>sus2</sup>** **Am**  
 Your shoot will finally free my silent cry  
**C** **G** **Am**  
 So come and stop this curious fall  
**C** **G** **Am**  
*Please come and stop this curious fall*

## believe/because

[ music: Ralf Jesek – lyrics: Ralf Jesek; publ. by Ed. Banshee./BMG/UFA; all rights reserved ]

**D** **C#**  
 Is there something out of sight?  
 Can we commit the perfect crime?  
 Will we hear a glittering tone  
 When we fall and break our bones?

Is there something as bright as rain?  
 Can we heal our opened veins?  
 Did we ever cry for tears  
 While we grew old in liquid years?

 You clench your fist against the stars  
 Then just then will I be secure

## counting clouds

[ music: Ralf Jesek – lyrics: Dirk Lakomy; publ. by Ed. Banshee./BMG/UFA; all rights reserved ]

**Em/B<sup>b</sup>**                      **Em**  
 I stare at the sky just counting the clouds  
**Em/B<sup>b</sup>**                      **Em**  
 And wonder what's this all about  
 The face in the street-lamp's a bloodsucking freak  
 The pavement is smelling so sweet  
 My mouth tells a story which no one can hear  
 Than someone is pointing at me  
 The crowd starts to laugh and I'm asking myself  
 How funny a bleeding man can be

**G**            **D**            **Em**  
*I'm just counting clouds*  
**G**            **D**            **Em**  
*And still wonder why*  
**G**            **D**            **Em**  
*I'm just counting clouds*  
**G**            **D**            **Em**  
*And my heart flies high*

A look for a sign in the smiles of the clouds  
 When something is burden my breast  
 The ground is vibrating the taste of cold blood  
 And then comes a warm tender flood  
 I stare at the sky just counting the clouds  
 And wonder what's this all about  
 Then someone is pasting a kiss on my lips  
 And I know what this means there's no doubt!

**C**                      **Em**  
 See the sun in my eyes  
**C**                      **Em**  
 They are open at last  
**C**                      **Em**  
 In a second I'm gone  
                 **D**                      **D<sup>sus4</sup>** **D** **D<sup>sus2</sup>**

I'm just counting clouds  
 And my heart flies high  
 There's no need to cry

Come here and get what I have brought to you  
 It's something you deserve, so cool and new  
 I sell to you the modern happiness  
 A great big one-man-show, that you won't miss

I make you keys to open up your head  
 Your own reality is cold and sad  
 So take a pill and you will leave this place  
 I show you ways out of this crazy maze

What can you do without my healing hand?  
 Your future would be written in the sand  
 I am a drug and you must feed your brain  
 Without me you are nothing but insane

*Just want to set you free*

*Believe in my advice*

*And you will break the inner ice tonight*

So now we're nothing but some angels in shreds

Goodbye, goodbye, goodbye

Now it's time to jump through our eyes  
Now it's time to face our lives

Our dreams are real  
It's not a game  
In different worlds  
We'll meet again  
And nothing's lost  
And nothing's false  
In different worlds  
We'll find it all

## short dance

[ music: Ralf Jesek – lyrics: Dirk Lakomy; publ. by Ed. Banshee./BMG/UFA; all rights reserved ]

### Am

If I dance I will dance with you  
And your sweet laughter will lead me through

**C G Am**

This fog of our fading years

We have lost our glamorous youth  
But we've found another pleasant truth  
This life is just a short dance

Music's swimming through the air  
But right before we shake off the care  
This strange dance is over

If I dance I will dance with you  
Can you smell the dying roses, too?  
We have to go to bed

**Dm C Am**

*I see the sun rising in your eyes*

**Dm C Am**

*I touch your skin no silent cries*

**Dm C Am**

*Let us dance till the day breaks up*

**Dm C Am**

*Until the tune makes a sudden cut*

It's just a short dance  
And I need your leading  
So we're dancing  
Still dancing  
Dancing away the time

## sick of you

[ music: Ralf Jesek – lyrics: Dirk Lakomy; publ. by Ed. Banshee./BMG/UFA; all rights reserved ]

[ Bass: D A C G# - D A C G# A G# ]

**Dm**                    **F**  
 This world is running crazy  
**Dm**                    **F**  
 Puffed up minds are getting lazy  
**Dm**                    **F**  
 Money rules this heretic game  
**Dm**                    **F**  
 Murder causes no more shame  
 White cowboys are back again  
 No mercy heads without a brain  
 Their dirty profits are in danger  
 So the beast shows its real nature

**Gm**   **F**                    **Dm**  
*Everyone who's not with me*  
**Gm**   **F**                    **Dm**  
*Is my declared enemy*  
**Gm**   **F**                    **Dm**  
*So if you don't accept my will*  
**Gm**   **F**                    **Em**  
*You'll be the one I'm going to kill*

Consumption is their only god  
 They like to pay with foreign blood  
 Read these letters in desert sand  
 They're the virus bringing on the end

*Everyone who's not with me*  
*Is my declared enemy*  
*So if you don't accept my will*  
*You'll be the one I'm going to kill*

Hier kommt die Herrenrasse  
 Betäubt die Sinne einer Masse  
 Die kopflos irrt durch ihre Zeit  
 Dem Wahn ein trauriges Geleit

I'm sick of you

## soul tide

 Soul tide

I've lost my innocence  
 As I stroke your cheek and ate your lips  
 A sleeping rose a happy moon  
 No fears to fear we grow up too soon

C C<sup>add9</sup> C  
 Sweet you  
 C/G Em E<sup>sus4</sup> Em Em<sup>7</sup>  
 You're always there

Blood flows into a sea  
 You won't die here without me  
 A silver knife a rotten smell  
 No fears to fear we will meet in hell

Sweet you  
 You're always there

Night crawls into my bones  
 As I wave goodbye and end the fight

Soul tide

## sweet murderer

[ music: Ralf Jesek – lyrics: Dirk Lakomy; publ. by Hanseatic/Warner Chappell; all rights reserved ]

**A<sup>sus2</sup>**                    **C**  
 My sigh is the moon  
**A<sup>sus2</sup>**                    **C**  
 My moon is the sleep  
**A<sup>sus2</sup>**                    **C**  
 My sleep is your face  
**A<sup>sus2</sup>**                    **C**  
 Your face is my soul

My soul is the sea  
 My sea is the wine  
 My wine is your blood  
 Your blood is my soul

**Em**                    **Am**   **F<sup>sus2</sup>**                    **G<sup>6add9</sup>**  
 Won't you see into the eyes of god  
**Em**                    **Am**   **F<sup>sus2</sup>**                    **G<sup>6add9</sup>**   **A<sup>sus2</sup>**   **C**  
 And kiss his breast to taste the salt of sin

My dream is the flesh  
 My flesh is the wound  
 My wound is your lust  
 Your lust is my dream

My song is the skin  
 My skin is the pain  
 My pain is your breath  
 Your breath is my song

*Won't you see into the eyes of god  
 And kiss his breast to taste the salt  
 Won't you feel his tender struggling hands  
 Won't you touch this life before it ends  
 Before it ends*

## tar

[ music: Ralf Jesek – lyrics: Dirk Lakomy; publ. by Hanseatic/Warner Chappell; all rights reserved ]

**A<sup>sus2</sup>** **Em**  
 Then he looked into cold light to leave his flesh again  
**A<sup>sus2</sup>** **Em**  
 And lost his faith in a maelstrom  
**A<sup>sus2</sup>** **Em**  
 Through roses shed like blood never freed from shame  
**C** **C<sup>7</sup>** **Em**  
 He swam to find his unknown home

And when his absurd wings were melted so close and far the sky  
 He opened his eyes and he laughed  
 He raised a fist like crossed gods fell on his knees to pray  
 And jeered at the sun and the stars

**Am** **Em**  
*Somewhere in night heaven I've gone too far*  
**Am**  
*Somewhere there I jump from star to star*  
**Em**  
*Somewhere in night heaven I've gone too far*  
**A<sup>sus2</sup>** **Em**  
*Somewhere there my soul spits out the tar*

Drunken with the layer of earth crushed in a human dome  
 Searching for the rest of truth  
 And what he found between his ears in muddy sheds of salt  
 Was nothing but the waste of youth

*Somewhere in night heaven I've gone too far*  
*Somewhere there I jump from star to star*  
*Somewhere in night heaven I've gone too far*  
*Somewhere there my soul spits out the tar*

## the medusa touch

[ music: Ralf Jesek – lyrics: Dirk Lakomy; publ. by Ed. Banshee./BMG/UFA; all rights reserved ]

### Gm

Who's that one shaking up my mind  
I think I've seen her before  
She's like a ghost sliding through my brain  
Somebody calls me insane

Her hair has given birth to the snakes  
And now they're hissing at me  
Her evil eyes make my blood run cold  
She's striking the right note

She is my master and I'm her slave  
The chain is much too short  
Her frozen touch is scaring me to death  
And now I'm gasping for breath

My will is broken, my heart's of stone  
Nobody weeps for my soul  
My flesh is lifeless, I'm taking her shape  
And there ain't no way to escape

I feel her touch on me  
I feel the evil raise  
I know the time is high  
I hear the word she sighs  
"Obey!"

This curse will never fade away

## the rose of the world

[ music: Ralf Jesek – lyrics: W.B. Yeats; publ. by Hanseatic/Warner Chappell; all rights reserved ]

**D<sup>add9</sup>** Who dreamed that beauty passes like a dream?  
**D<sup>add9</sup>** For these red lips, with all their mournful pride,  
**D<sup>add9</sup>** Mournful that no new wonder may betide,  
**D<sup>add9</sup>** Troy passed away in one high funeral gleam,  
**A<sup>7sus4</sup>** **D<sup>m</sup>** **D<sup>sus2</sup>** And Usna's children died

We and the labouring world are passing by:  
 Amid men's souls, that waver and give place  
 Like the pale waters in their wintry race,  
 Under the passing stars, foam of the sky,  
 Lives on this lonely face.

**G**  
 Bow down, archangels, in your dim abode:  
**D<sup>m</sup>**  
 Before you were, or any heart to beat,  
**G**  
 Weary and kind one lingered by His seat;  
**D<sup>m</sup>**  
 He made the world to be a grassy road  
 Before her wandering feet.

*The rose of the world*

## there's no light (in cocktail bars)

[ music: Ralf Jesek – lyrics: Dirk Lakomy; publ. by Ed. Banshee./BMG/UFA; all rights reserved ]

**A<sup>sus4</sup>** **Am** **A<sup>sus2</sup>** **Am**  
 I sit here waiting for a new drink  
**A<sup>sus4</sup>** **Am** **A<sup>sus2</sup>** **Am**  
 This time it's serious cause I'm gonna sink  
**G** **G<sup>sus2</sup>** **A<sup>sus4</sup>** **Am** **A<sup>sus2</sup>** **Am**  
 Into a sleep without a bell

Beware of darkness take care not to drown  
 My thoughts are spinning I feel like a clown  
 'cause this night is such an awful mess

**G** **Am**  
*There's no smile beneath the stars*  
**G** **Am**  
*There's no light in cocktail bars*  
**G** **Am**  
*And the waiter asks who we are*  
**G**  
*But we'll never know*  
**A<sup>sus4</sup>** **Am** **A<sup>sus2</sup>** **Am**  
*'cause we have lost our face*

This life is something I want to forget  
 My inner doubter will break my own neck  
 I'm burnt-out and I don't know why

Still sit here waiting for a new drink  
 The tide gets higher and I'm gonna sink  
 Into a sea without a ground

*There's no smile beneath the stars*  
*There's no light in cocktail bars*  
*And the waiter asks who we are*  
*But we'll never know*  
*'cause we have lost our face*

## uniforms

[ music: Ralf Jesek – lyrics: Ralf Jesek; publ. by Ed. Banshee./BMG/UFA; all rights reserved ]

**Am**      **Em**                      **G**                      **Dm** **D<sup>sus2</sup>**  
 I can't retrace why you are wasting your mind  
**Am**      **Em**                      **G**      **Dm** **D<sup>sus2</sup>**  
 On ancient uniforms and stupid rites  
**Am**      **Em**                      **G**                      **Dm** **D<sup>sus2</sup>**  
 You follow stars that hang dead in the sky  
**Am**      **Em**                      **G**                      **Dm** **D<sup>sus2</sup>**  
 And all your attitudes are worn out lies

You suck up thoughts that tradition spits out  
 You love to endure and you hate to doubt  
 You trust the herd 'cause it makes you feel safe  
 And your neat haircut makes your grandpa's days

Why are you proud when you're marching in steps  
 It makes me sick to see you drown in heads  
 Get out and start to define your own rules  
 Distrust the given and the stranger's truth

## wahre freundschaft

[ music: Ralf Jesek – lyrics: traditional; publ. by Hanseatic/Warner Chappell; all rights reserved ]

**Am** **Em**  
 Wahre Freundschaft soll nicht wanken  
**Am**  
 Wenn sie gleich entfernt ist  
**Em**  
 Lebet fort noch in Gedanken  
**Bm**  
 Und der Treue nicht vergisst  
**F#m** **Am** **Em**  
 Lebet fort noch in Gedanken  
**Bm** **F#m** **Am**  
 Lebet fort noch in Gedanken  
**Em** **Am** **Em**  
 Und der Treue nicht vergisst

Keine Ader soll mir schlagen,  
 Wo ich nicht an dich gedacht  
 Ich will Sorge für dich tragen  
 Bis zur späten Mitternacht  
 Ich will Sorge für dich tragen  
 Ich will Sorge für dich tragen  
 Bis zur späten Mitternacht

Wenn der Mühlstein trägt Reben  
 Und daraus fließt kühler Wein  
 Wenn der Tod mir nimmt das Leben  
 Hör ich auf getreu zu sein  
 Wenn der Tod mir nimmt das Leben  
 Wenn der Tod mir nimmt das Leben  
 Hör ich auf getreu zu sein

## winter

[ music: Ralf Jesek – lyrics: Dirk Lakomy; publ. by Hanseatic/Warner Chappell; all rights reserved ]

**A<sup>sus2/c</sup> Em/A A<sup>sus2/c</sup> Em/A**  
 Lay your neck on my shoulder  
**A<sup>sus2/c</sup> Em/A A<sup>sus2/c</sup> Em/A**  
 Then dream a dream of fading past  
**A<sup>sus2/c</sup> Em/A A<sup>sus2/c</sup> Em/A**  
 When the blue sky wears funny faces  
**A<sup>sus2/c</sup> Em/A A<sup>sus2/c</sup> Em/A**  
 And unhappy days run off so fast

I give my holy breath to you  
 While sultry nights gets cold  
 Remember the old fairy-tales  
 Of witches and of hearts of gold

**Am Em Am Em**  
*This is the winter of our love*  
**Am Em Am Em**  
*And tears dry up in this cold sand*  
**Am Em Am Em**  
*This is the winter of our love*  
**Am Em Am Em**  
*We lay the past in each others hand*

There is no need to cry  
 My mind will always be with you  
 Reaching freely for the sky  
 While a dagger caresses you

*This is the winter of our love*  
*And tears dry up in this cold sand*  
*This is the winter of our love*  
*We lay the past in each others hand*

## why we cried

[ music: Ralf Jesek – lyrics: Dirk Lakomy; publ. by Hanseatic/Warner Chappell; all rights reserved ]

**Em**            **C**            **Em**            **C**  
 What colour is your skin lying on my breath?  
**Em**            **C**            **Em**            **C**  
 Is this the taste of something deep inside our flesh?  
**Am**            **C**            **Em**            **C**            **Em<sup>9(-5th)</sup>**  
 And now I wonder why we cried

We both are floating through the silence of air-holes  
 And as the moon falls down we catch our flying souls  
 But now I wonder why we cried

**Em**            **D<sup>sus2</sup>**            **F<sup>sus2</sup>**            **Em**  
*How could I ever live without that naked truth*  
**Em**            **D<sup>sus2</sup>**            **F<sup>sus2</sup>**            **Em**  
*How could I ever live without you*

In nights like this the body is damned to be a cell  
 And heavens gate is just another door to hell  
 So now I wonder how we denied ...

*How could I ever live without that naked truth*  
*How could I ever live without you*

## your shimmering hair

[ music: Ralf Jesek – lyrics: Dirk Lakomy; publ. by Ed. Banshee./BMG/UFA; all rights reserved ]

Am F<sup>sus2</sup> Em  
 I wish I could make this photograph of you alive  
 Am F<sup>sus2</sup> Em  
 Your trace of smile the colours of your eyes  
 Am F<sup>sus2</sup> Em  
 Somewhere in this sad and frozen face  
 Am F<sup>sus2</sup> Em  
 I recognize the ache of your exposed grace

Dm F Em  
*On the waves of tenderness*  
 Dm F Em  
*Through the sweetness of air*  
 Dm F Em  
*Nothing remains but the memory*  
 Am F<sup>sus2</sup> Em  
*Of your shimmering hair*

I'm sorry but I can't hold on your fleeing time  
 Therefor I would pay with the stream of my vein  
 But the rust corrodes our helpless souls  
 While the flute plays its endless repeating notes

*On the waves of tenderness*  
*Through the sweetness of air*  
*Nothing remains but the memory*  
*Of your shimmering hair*
